Subject: RE: Emergency-your assistance needed

Dear Ms. Hallberg -

I've just started working directly with the Covenant to Care program, but my clients have benefited from the generosity of this program in the past. This program make Christmas possible for many children, when their parents financially fall short. Covenant to Care and the member churches provide thoughtful and generous gifts for the most vulnerable families in our community. This certainly is a worthwhile program and I eagerly anticipate acting as a liaison on behalf of the agency.
