

The Nonprofit Constitution

We the nonprofits of America, in order to ensure a more equitable society, enrich lives, protect natural resources, educate and empower people, and promote healthy and sustainable communities, do hereby affirm and pledge to adhere to the values as established by our sector. These values apply to all nonprofits and their activities, including the decisions we make, policies we promote, and behaviors we exhibit.

- **A dedication to the betterment of the communities we serve** - Weaving the social fabric by connecting individuals, groups, and communities. Leveraging our knowledge, expertise, and resources to build a more sustainable society.
- **A commitment to serve others** – Building our work from a base of trust and selflessness and improving the lives of individuals and families. Working with others with compassion and understanding.
- **A vow to operate with ethics and integrity** - Adhering to highest standards of operation, transparency, and accountability. Protecting and strengthening the public's trust in our work through results oriented actions.
- **A pledge to act as a catalyst for change and innovation** - Identifying and implementing new and creative solutions to systemic problems. Serving community needs by raising awareness and inspiring others to take action on critical issues.

In signing this affirmation I hereby pledge to adhere to and operate my nonprofit in alignment with the above-stated values.
